HIGH STANDARDS WEALTH MANAGEMENT CRYPTO FUND, LP

INSTITUTIONAL INVESTMENT SERIES

Traditional Investing Forces Clients to Choose

Most investors want income now and growth later.

Fixed Income

Safer but rarely beats inflation. Stability comes at the cost of growth potential.

Equity Market

High volatility and turbulence. Requires timing and significant risk tolerance.

Low Upside Impact

Capital erodes over time as returns fail to outpace inflation.

High Volatility Impact

Market swings create uncertainty and emotional decision-making.

The Solution

A dual-value strategy combining predictable income with equity growth and potential profit sharing.

We Combine Income + Equity Growth

01

Client Capital

Investors deploy capital into the fund for AI-driven trading strategies.

02

AI Trading Engine

Proprietary algorithms execute high-frequency trades across crypto markets.

03

Business Growth

Returns fund operational expansion and liquidity infrastructure.

04

Equity Value

Performance converts into ownership stakes at contract completion.

05

Monitor and Convert

Consistent 10% annual yield provides immediate income stability and potential profit sharing.

Conservative Monthly Target Returns

Monthly Target Range

Net monthly returns between 2% - 3%, providing consistent performance across market conditions.

01

Annual Gross Yield

Target: 24-36% gross annual yield before client distributions and operational costs.

02

Client Priority Payout

10% APY fixed base paid to clients first, prioritized for the client.

03

Strategic Reinvestment

Excess returns reinvested into scaling AI systems, liquidity pools, and infrastructure.

04

Performance Disclaimer

Returns are estimates only and not guaranteed.*

05

Strong Demand, Simple Value Proposition

Why Capital Scales Easily

01

Investor Confidence

Clear value proposition builds trust from day one.

02

Clear Income Structure

Straightforward 10% yield attracts sophisticated investors seeking predictable returns.

03

Capital Deployment

Systematic allocation into AI trading infrastructure.

04

Rapid Volume Scaling

Standardized $100k units compound capital quickly and efficiently.

05

High Retention

Predictable monthly performance builds long-term investor trust and potential profit sharing.

Profit Allocation Structure

01

Client Priority Yield

10% annual yield distributed to investors as priority payment.

02

Business Retention

Excess performance retained to fund day-to-day operations.

03

Scale Reinvestment

Profits reinvested to expand AI infrastructure and liquidity.

04

Performance Fees

Success fees charged only after profits have been achieved.

05

Aligned Interests

Structured allocation ensures sustainable growth and investor returns.

At Contract Completion, Client Chooses:

Flexible exit options designed to match your long-term financial goals.

Withdraw Capital

Access funds immediately with full principal return.

Popular Choice

Liquidate position with principal + accrued earnings for immediate liquidity.

Convert to Equity

Build long-term wealth through equity appreciation and exit events.

Dividend Stream

Convert into ownership shares and participate in buyout/IPO upside.

Passive Income

Hold equity for recurring dividends and asset retention.

Long-Term Value Creation

Exit Window

01 Fund Launch

Initial capital deployment begins AI trading operations and infrastructure build.

02 Growth Phase

Scaling operations, expanding liquidity pools, and compounding returns.

03 Exit Window

12, 24 or 36 month term completion with equity conversion options available.

04 Strategic Buyout

Acquisition by institutional investors or strategic partners seeking AI capabilities.

05 IPO Potential

Public listing pathway for maximum liquidity and valuation realization.

Yield Pays Today — Equity Pays Forever

01

Active Income

Consistent 10% annual yield payments from day one.

09

Capital Utility

Capital scales AI trading business and operational infrastructure.

02

ACCUMULATION
Medium-Term

Scaling infrastructure and expanding operational capacity.

IMME
DIATE
Short-
Term

Equity Value

Convert accumulated performance into ownership stakes.

03

WEALTH
Long-Term

Long-term wealth through equity ownership and potential profit sharing.

Rich Uncles REIT, Notre Dame, Miami Dolphins, Atlanta Falcons

Controlled Capital Deployment

Maximum 1-2% capital risk per individual trade position.

Diversified Strategy Execution

Multiple uncorrelated market setups across varied timeframes.

Liquidity Management

Robust cash reserves maintained for operational flexibility and redemption coverage.

Risk Monitoring & Controls

Systematic rebalancing ensures consistent risk-adjusted performance metrics.

No Over-Leverage

Conservative leverage ratios prioritize capital preservation over aggressive returns.

Automated Safeguards

Real-time monitoring with automated stop-loss protocols and position limits.

Ideal Investor Profile

Who is the High Standards Wealth Management Fund designed for?

Long-Term Mindset

Understands patience and compound growth over 24-36 months.
